3. Read the following text, then answer the questions: (6 Marks)

A good leader needs a clear vision. A vision is a picture of the future. Rana always shares her vision with her team, including Tarek and Lina. She explains the big goal in simple words so everyone understands. Then, she makes a step-by-step plan that breaks the big goal into smaller, easier tasks. This helps the team see progress and stay motivated. Rana reminds her team why their work matters. She connects daily tasks to the big vision, which gives everyone purpose. When challenges come, she stays calm and looks for solutions. If something does not go as planned, Rana does not give up. Instead, she changes the plan and keeps going. She knows that vision without action is just a dream. But with a smart plan, teamwork, and flexibility, that dream can become real and <u>inspire</u> others.

Polar bears live in the Arctic, where it is very cold and icy all year round. They have thick white fur and a layer of fat under their skin to stay warm. Their large, wide paws help them walk on snow and swim in icy water. Polar bears are excellent swimmers and can swim for many miles. They mostly eat seals, which they catch near holes in the ice. Because of climate change, the sea ice is melting earlier each year. This makes it harder for polar bears to find food. Scientists say polar bears could be at risk if the ice keeps disappearing. Mother polar bears take care of their cubs in snow holes during winter. Cubs stay with **their** mothers for about two years to learn how to hunt and survive.
